Orkiestra Samanta is a folk – rock band based in Wrocław, Poland. Their one-of-a-kind musical creation is a spectacular wealth of sparkling music, laying glamorous canvas for epic sea stories. Their original lyrics and melodies are greatly inspired by folk music, shanties, and their own travels to the sea. For many years Orkiestra Samanta is making its name on the young shanty and folk scene, consistently increasing its popularity among the ever bigger fan base, in Poland, as well as abroad. Beginning in 2011 it takes the official artistic patronage over the Polish sailing ship 'Kapitan Borchardt'.
